FOREWORD

The report of the Fourth National Convention of New Farmers of America is made up from material submitted by the National Secretary and the Stenographic notes. It includes the activities for August 21, 22 and 23.

The New Farmers of America is a non-profit National Organization of voluntary membership of Negro boys who are, or have been, students of Vocational Agriculture. The purposes of the Organization are in brief: to aid rural boys in developing confidence in themselves and the farm program; to create interest in farm life and develop leadership ability; to improve the rural home and surroundings; to encourage thrift and cooperation among the members.

The Organization was founded in the State of Virginia in 1937. The first National meeting was held at Tuskegee Institute in 1935. There are more than 800 chapters with a total membership of 20,000. There were 541 present for the meeting.

The major social function was the boat trip to Beaufort and the Penn School on St. Helena Island on August 24. This trip was made possible by the Chilean Nitrate Educational Bureau, The South Carolina N. F. A. Organization and the Penn School Chapter furnished the program and dinner.

3. Welcome Address T. W. Bonner, Fort Valley Chapter
(See attached sheet)
4. Welcome Address, President B. F. Hubert, Georgia State College
The text of his address follows:

We welcome you to a state with many red hills; a state with 11,000,000 Negroes; 11,000,000 acres of land cultivated by Negroes. We welcome you to the state which has a college on every hillside. We welcome you to the state that has an outstanding program of Negro education; a state which has just adopted a seven month school program for Negroes, free text books for students; the fairest state in the Union. We welcome you to Chatham County. We welcome you to Georgia State College, an institution, not the largest institution in the state, but an institution prior to 1930 which did not have but 19 boys taking agriculture; did not have home economics before 1933, at the present time has 97 Agricultural College students, and a college curriculum in home economics. We welcome you to an institution which prior to 1922 was not included in the state's budget for education. We welcome you to an institution which has an enrollment, including summer school and extension classes, of 2175 pupils. We welcome you to the state on behalf of the two other state institutions -- Forsyth and Albany, and on behalf of the University System of Georgia.

PROCEEDINGS OF FORTY-NINTH ANNUAL CONFERENCE

1. Song "America" First stanza Audience
2. Invocation J. C. Crawford, Fort Valley Chapter
3. Welcome Address T. W. Bonner, Fort Valley Chapter
(See attached sheet)
4. Welcome Address, President R. W. Roberts, Georgia State College
The text of his address follows:

We welcome you to a state with many and varied hills; a state with 11,000,000
Negroes; 11,000,000 acres of land cultivated by Negroes. We welcome you to
the state which has a college on every hillside. We welcome you to the state
that has an outstanding program of Negro education; a state which has just
adopted a seven month school program for Negroes. Free text books for students;
the fairest state in the Union. We welcome you to Graham County. We welcome
you to Georgia State College, an institution, not the fairest institution in
the state, but an institution prior to 1930 which did not have but 12 boys
taking engineering; did not have home economics before 1930, at the present
time has 77 Agricultural College students, and a college curriculum in home
economics. We welcome you to an institution which prior to 1933 was not in-
cluded in the state's budget for education. We welcome you to an institution
which has an enrollment, including summer school and extension classes, of
2175 pupils. We welcome you to the state on behalf of the two other state
institutions -- Forsyth and Albany, and on behalf of the University System of
Georgia.

We welcome you to the state which is the home of inter-racial cooperation. We welcome you to a state where white people and Negroes are training to work things out, where black and white men are working together to control soil conditions and raise the economic status of the state. The state of Georgia is bound up with farms. We welcome you to a state where Negroes own 86,000 farms. We welcome you to a state where men and women are thinking about the future of its people.

It is the objective of Georgia State College to inspire boys and girls to have initiative, common sense and a willingness to work in urban and rural sections of the state.

We welcome you to Log Cabin Community, where three slave boys fought and struggled to build a community with 10,000 acres of land. Where men and women worked and made a community, where Negroes and white people worked together toward a common end. My challenge to you is to get something hard to do and tackle it to make your state what it stands for. Georgia has a message, Georgia State College has a message. You must set the world on fire with your message. Come on back to Georgia where we are teaching people to live together.

5. Selection by Jenkins County Training School quartette, Millen, Georgia,
"Founding of N. F. A."
6. Response to Address of Welcome, Lester Albert, 2nd Vice President, Delray,
Florida.
(Address attached)
7. Remarks by Hauley Taylor, Adviser, Delaware N.F.A.

Last year when I first heard the echo that we were going to hold this convention here I thought about all the fine things that Georgia State College and Georgia itself had to offer. What an excellent trip we would have to the college. We must thank God that we are in position to accept the invitation. I hope that the same impression that we get by being here will be carried out after we get home and be encouraged to do greater agricultural work.

7. Remarks by Harley Taylor, Atlanta N. F. A.

Last year when I first heard the echo that we were going to hold this convention here I thought about all the things that Georgia State College and Georgia itself had to offer. What an excellent trip we would have to the college. We must thank God that we are in position to accept the invitation. I hope that the same impression that we got by being here will be carried out after we get home and be encouraged to do greater things.

I thank the President of Georgia State College and Mr. Bonner for their cordial welcome. I hope you will be inspired to the extent that you will carry back with you the spirit that is with this convention. I hope the State College at Savannah will grant us the privilege to return with this convention.

8. "Lift Every Voice and Sing" Audience, led by Mr. I. S. Glover,
of the Georgia Chapter at Millen, Georgia
9. Introduction of Special guests Mr. Elam
10. Mr. Emory Taylor, F. F. A. Georgia President, introduced Mr. J. Lester
Poucher, National President of the Future Farmers of America,
University of Florida, Gainesville, Florida

An outline of his remarks follows:

I bring to you greetings from the National Board of Trustees of the Future Farmers of America. We are proud of the work you are doing. We trust that the good work of the N. F. A. will continue. I wish to give you four constituents of a good organization:

1. There must be unity of purpose. 2. There must be sufficient things in common for a common aim. 3. I challenge every one of you to use the training which you are receiving. Build your organization into one you may be proud of. 4. Must be organized with the intention of perpetuation.

I invite your National President over to Kansas City to meet with the F. F. A. next year. I am counting on you to hold high the mark in years to come.

11. Committee appointments E. Porter, National President
12. Remarks by Mr. Owens, National N. F. A.
13. Announcements

To the members of the National Organization of New Farmers of America and to the Advisory Council:

We the members of the Georgia Association of New Farmers of America composed of 76 Chapters, and 3,376 active members, do bring to you our most hearty welcome.

First we welcome you to our State -- the empire state of the south -- Georgia. The state which grows twice as many watermelons as any other State in the Union; the State which leads the south in peach production; the State which leads all States in velvet beans production; the State which leads the Nation in improved pecan production; the State which leads the Nation in peanut production; the State which leads the south in the number of meat packing plants; the State which has 10 million acres in farm land; 11,675,000 acres in timber; and which possesses soil which produces every major crop grown in the United States. We also welcome you to Camp John Hope, a camp for Negro

youths, located near Fort Valley, Georgia which has 216 acres of land, a lake which covers 20 acres of land, a camping lodge which will accommodate 500 persons and 25 cabins. We further welcome you to the Flint River Farm Project consisting of 10 thousand acres with 107 farm units, model school, health unit with registered nurse and a teachers' cottage.

In consideration of the foregoing facts the Georgia Association of the New Farmers of America bid you welcome not only for the short tenure of convention days but to have you seriously consider our invitation to return to this state and become successfully established in farming along with the thousands of boys who are led to this idea under the banner of this great National Organization. You are welcome, welcome, welcome.

RESPONSE TO WELCOME ADDRESSES AT N. F. A. MEETING
GEORGIA STATE COLLEGE, SAVANNAH, GEORGIA
LESTER ALBERT, VICE PRESIDENT
DELRAY BEACH, FLORIDA

MASTER OF CEREMONIES, Distinguished Visitors and Friends:

On behalf of the National Association of the New Farmers of America, representing 15 or more states of the United States of America, with more than 800 local chapters, and possibly twenty thousand or more Negro youth systematically engaged in the study of Vocational Agriculture, I accept the many words of welcome and cordial greetings which you have extended us for these days that we shall be meeting here in your fair city, and on the campus of your wonderful Institution. We wish to assure you, gentlemen, that during these days of our sojourn here, we shall try to be worthy of every kindness and the hospitality which we shall receive at your hands.

We are happy to be here for more than one reason. The sight of your beautiful city; the campus of your wonderful Institution; the smile of welcome upon the faces of everyone more than justify our coming here. We are also proud to be here because of this great Institution of yours which is doing a great work in helping to bring light and life into the souls and bodies of the Negro youth of this country in order that they might lift themselves out of the gutter of ignorance and superstition into the marvelous light of intelligence and usefulness. We congratulate ourselves that we are privileged to assemble here and mingle with you and get information and inspiration so that when we shall return to our respective states we shall be encouraged to go on with our work doing the best we can for our community in order that we may have better homes, better farms, better schools, better churches and better conditions in general.

The New Farmers of America is a National Organization of Negro Farm Boys studying Vocational Agriculture in the Public Schools throughout the United States. Organized in Virginia in 1926-27 with only a few chapters and less than 500 members it has expanded until today you have here in your fair city representatives of more than 800 Local Chapters with an aggregate membership of more than 20,000. This organization affords its members an excellent opportunity to develop a type of leadership which is very essential for the successful farmer. This leadership ability is developed through State and National

Judging, Public Speaking and chapter contests.

Master of Ceremonies and Friends, out of the deepest recesses of our hearts we accept your words of welcome, and in closing may I recite this verse:

This land is ours by right of birth,
This land is ours by right of toil;
We helped to turn its virgin earth,
Our sweat is in its fruitful soil.

MONDAY MORNING AUGUST 22, 1938
8:00 - 8:30 o'clock

MEMORIAL SERVICES FOR THE LATE CHURCH C. BANKS
National N. F. A. Adviser

Ernan Porter, National President, Presiding

1. Musical selections by the Laurinburg School N.F.A. Band
2. Opening ceremony
3. Singing ---- "Negro National Anthem" ---- By Audience
4. "Mr. Banks as a Rural Leader and N. F. A. Adviser," by B. S. Luter,
Prairie View State College, Prairie View, Texas

Text of Mr. Luter's address follows:

"Born June 9, 1893, youngest of 8 children, at Fulshear, Texas. During Mr. Banks' early childhood he was given a colt by Church Fulshear (for whom the town was named) and his mother gave him a hen. He in turn traded the hen for a calf. He reared these to maturity and productiveness on his father's homestead. His livestock grew in numbers which necessitated purchase of some land. He purchased land at the age of 15, five acres for his pasture. This land was paid for with livestock. At the age of 17 he purchased city property.

He attended college at Conroe College two years; Normal work at Wiley College, Marshall, Texas for two years and two years of college work at Prairie View State College.

Mr. Banks was the first of three vocational agriculture teachers in Texas. He was a pioneer in Smith-Hughes organization, in 1917. He was resident teacher-trainer at Prairie View College from 1927 to 1933. Itinerant trainer from 1933 to his death in 1938.

As a rural leader he was open-minded, business minded, a man of originality and poise, power to have others achieve the desired end, improvement of things about him; never too busy to help with the common problems of everyday life. Willing to encourage others and a staunch believer in work and study.

Many a teacher sent by this teacher-trainer (Prof. Banks), has entered into a captivity -- while going to meet these N. F. A. boys, like the brethren in the story of Joseph feeding their father's flock at a Sheehen. If the life of Prof. Banks is to mean anything at all to us as a group of followers, his purposes and ideals are to be perpetuated; if we are to preserve and develop the ideals of vocational education in agriculture that he has thus far so laboriously advanced, it must be through the impending challenge of Jacob to his son, Joseph: "Go out and meet thy brethren who are feeding their father's flocks at Sheehen." Both Joseph and Prof. Banks saved and prepared for the lean years through making him a credit to our race and to our country.

As a rural leader of boys his interest was ever high and with a never failing confidence in all N.F.A. boys. Perhaps the best method of expressing this confidence is in the language of Irvin W. Underhill in his "Ode to Colored Boys," which I have paraphrased. In language of Irvin W. Underhill, C. H. Banks speaks to you, my colored boys

He bids you to be men,
 Don't put yourselves upon a rack
 Like pigeons in a pen
 Come out and face life's problems boys
 With faith and courage too
 And justify that wondrous faith
 Church Banks had in you.

If farming seems to be your call
 Then take hold of the plow,
 And stick it down into the soil
 'Til sweat runs down your brow
 Then make this resolution firm
 "I'm going to do my best
 And stick this good old plow of mine
 Down deeper than the rest."

Don't fawn up to another man
 And beg him for a job
 Remember that your brain and his
 Were made by the same god
 So use it boys with all your might
 With faith and courage too
 And justify that wondrous faith
 Church Banks had in you.

6. Taps by Prof. Hall, leader of the Laurinburg N. F. A. Band

8:30 - 9:50 o'clock.

First business session

1. Roll call and seating of official delegates by states
2. Musical selection by Band

As a result of being his interest was not in the matter
of the country of all his people. Perhaps the most serious of
the whole country is in the hands of the people. I am sure
that I have been very much interested in the matter of the
country of the people, and I am sure that you will be very
interested in the matter of the country of the people.

It is not the people of the country
that I am interested in. I am interested
in the people of the country. I am
interested in the people of the country.
I am interested in the people of the country.
I am interested in the people of the country.

It is not the people of the country
that I am interested in. I am interested

5. Remarks by Mr. Elam, Federal Agent:
 - a. Complimented the organization on the best decorated hall of any National N. F. A. Convention
 - b. Complimented the group on the largest convention ever held
 - c. Advised that the Constitution of N. F. A. should have a similarity, that the local constitution should be patterned after the State Organization Constitution, that the State Constitution should be patterned after the National Organization, with variations of course to suit locality and peculiarities of particular chapter.
 - d. Commented on the reports of National Officers
 - e. Need for more income to run the Organization; need for stationery for officers
 - f. Complimented N. F. A. Band
 1. Expressed hope that each N.F.A. Chapter would form a band
 2. Spoke of F. F. A. Bands -- that the State Chapter of F.F.A. pays one-half of expenses and National Chapter pays other half of expenses of the chosen State Chapter Band to appear on the program of the National F. F. A. conventions
6. Remarks by Mr. Simmons (See report)
7. Mr. Elam announced that the American Farm Youth Magazine, Published by the Interstate Printing Company, Danville, Illinois, would like to have the N. F. A. supply enough material to fill a page each month. Mr. J. V. Ankeney of Hampton Institute, Virginia will be glad to receive news from various N.F.A. reporters to be placed in this Farm Paper Monthly. Each Chapter should have at least one copy in the Chapter Library and each State should send in at least four good stories during the year.

Adjournment.

REPORT OF THE NATIONAL N. F. A. SECRETARY ---- Jethro Hill
August 22, 1938

To the President, Mr. Ermon Porter, Mr. W. N. Elam, members of the National New Farmers of America, and visitors:

It has been a great pleasure to serve as secretary of the National N.F.A. and I am happy to report the following activities as a National officer in this brief resume.

Some few weeks after the meeting in Texas, I received a letter from Prof. S. B. Simmons, instructing me what to do as a National officer. After reading these instructions, I rededicated myself to the great cause and pledged my local adviser that I would make an effort to excel all previous National Secretaries. Whether I have made this achievement is left for you to judge. I have tried very hard to make a very efficient secretary.

I am proud to report that the organization has had more money than ever before. The receipts have been more than a thousand dollars for the year. During my administration, I wrote nineteen checks, a total of \$1,200.75. These checks were signed by President Porter and sent to Professor Simmons. I kept up with the N.F.A. business to the best of my ability and have succeeded in keeping all of my transactions up to date. When I needed information, I wrote to Professor Simmons, and he furnished it cheerfully. I am sorry that I did not get to communicate with all of the States as I desired, but due to the fact that there was no money set aside for that purpose, it was impossible to correspond with the states. Therefore, I recommend that this organization set aside sufficient money for the National Secretary to carry on necessary correspondence with the various state chapters during the ensuing year. I believe that such correspondence would tend to make the secretary more efficient.

REPORT OF THE NATIONALS VICE PRESIDENT ---- Lester Albert

Mr. President, Officers and Members of the National Association of New Farmers of America:

As Vice President of this August Body, I wish to report the following activities:

- 1st. As president of our State Association I have tried to encourage the local chapters of the State to attend all state meetings, to provide themselves with the N.F.A. Guide, and to hold regular meetings.

- 2nd. At the State Meeting of the New Farmers of Florida, I made a report of the National Meeting which was held at Prairie View State College, and tried to give to the members of our State Chapter the program as outlined by the National Organization.
- 3rd. I also made a report of the National meeting of the N.F.A. at the Father and Son Banquet of our Local Chapter, and thereby informed our fathers about the work of the National Organization.
- 4th. I have encouraged my local chapter to confer the two degrees upon the members of the chapter.
- 5th. During the meeting of our State Organization, I spoke over the Radio Station WTAL at Tallahassee, Florida, giving to the public the scope and program of the State and National Associations of the New Farmers of America.

Lester Albert, Vice President
National Association N.F.A.
Delray Beach, Florida

ANNUAL REPORT OF NATIONAL PRESIDENT ----- Erman Porter

Mr. Chairman, National Adviser, Fellow New Farmers of America:

I have divided what I have to say into three parts: activities in the N.F.A. during the past year, some of the major problems that confront the New Farmers of America and pointing out some ways and means of attaining the goal that we have set, which in the end is vocational security.

It has been a genuine pleasure to serve this organization. The contacts that I have had from officials and members have been a source of inspiration to me. I feel that there was only one occasion of this past year when we were checked in our work. I refer to the untimely passing of our beloved adviser, Mr. C. H. Banks of Texas.

The activities of the organization have been made more interesting and educational. I feel that the addition of quartette singing has added considerable stimulus to the contests by bringing in more boys to the convention.

At our last annual convention in Texas the body voted an increased budget which made possible the many things that we enjoy in this convention because the new rate of taxing each member five cents has increased our income fifty per cent.

Standing at the top of the accomplishments of the past year, is the N.F.A. Guide which serves as a very potent tool in the hands of each member of the organization. I wish to express my gratitude to Professors J. R. Thomas, S. B. Simmons, Dr. Elam and others for the fine piece of work that they assisted us in doing to make this guide a reality. In addition to the Guide we have, during the past year, placed or made available state and local charters available in each state. It is my impression that each state chapter and each local chapter in this country hanging in its meeting room. There are also secretary and treasurer's standard report books available.

The National Radio Broadcast observing Booker T. Washington's day was held and was a success. Many of the states had state-wide radio broadcasts. All of these broadcasts helped to get before the nation the program that we are trying to put over.

The judging and speaking activities during the last convention were very inspiring indeed. We trust that a keener interest will continue to be manifested in these activities as the years go by.

Some of the major problems which confront us are: 1. Over-production, under consumption and poor distribution. Modern methods of farming and modern machinery have caused over production. There is such a large number of laborers out of work that we have under consumption because their buying power is reduced. Capitalization or concentration of wealth lends itself to poor distribution.

2. Soil erosion. Millions of dollars annually flow down the streams of our country leaving the farmer poorer.

3. Farm tenancy practices

4. Poor housing conditions which send many of our people to the hospitals and graveyards when we could better spend the money used for doctors and funeral bills in improving the home and farm.

5. Lack of participation in community and civic affairs.

6. Lack of finance and property.

The vocational teachers, farm agents, agricultural specialists and other government agencies are doing much to solve these problems, but if these problems are ever to be solved, we as New Farmers of America must not only cooperate, but must play our individual part. We must become efficient individually. We must develop and promote a worthy family life. We must develop a good home. We must participate in and promote all social and civic affairs and we must become economically and vocationally secure.

In conclusion, may I say that written in our constitution is a key or a series of keys that I think will help us to solve most of our problems if we follow them religiously. I refer to the purposes for which the organization is formed, namely:

1. To create more interest in the intelligent choice of farming occupations.
2. To assist in developing individual farming programs and establishment in farming.
3. To strengthen the confidence of the farm boy in himself and his work.
4. To create and nurture love of country life.
5. To assist in the improvement of the rural home and surroundings.
6. To encourage cooperative effort among students of vocational agriculture.
7. To develop rural leadership.
8. To promote thrift.
9. To promote scholarship among students of vocational agriculture.
10. To encourage recreational and educational activities.
11. To advance vocational agricultural education in the Negro Public schools of the nation.

ANNUAL REPORT OF EXECUTIVE SECRETARY FOR THE YEAR 1937-38
SUBMITTED BY; S. B. Simmons

The record and growth of the National Organization of New Farmers of America justifies the efforts of its founder, Professor Geo. W. Owens, The Late Dr. H. O. Sargent, The Late Professor Church H. Banks, and all others who have taken part in these activities since our first National Meeting at Tuskegee Institute August 4, 1935. At that meeting, there were 87 students and 75 teachers or a total of 162 persons taking part. When these words were written, August 16, we had 19,302 paid up members, with bright prospects for more than 20,000 paid up members before the close of this convention. We have succeeded in getting all of the States having separate Departments of Vocational Agricultural Education for Negroes, except Missouri, to become officially connected with this National Organization. The year which we are closing is by far the most successful in the brief history of NFA.

Much credit for the achievements is due to the efforts of W. N. Elam, Federal Agent for Special Groups; our National President, Erman L. Porter, and Jethro Hill, the National Secretary have also taken an active interest in the work of the organization. They have had more to do than any other National Officer and have discharged their duties in an efficient manner.

The National Organization has been successful in completing the following major achievements during the past year:

1. Miniature NFA Plows have been made possible for every local chapter which is in good standing and has filed application with John Deere Co., Moline, Ill., for same, approved by State Supervisor of Vocational Agricultural Education.
2. Mr. F. M. Simpson, Union Stockyards, Swift and Co., Chicago, Ill. will send or has sent each chapter that applies for pictures of Drs. Booker T. Washington and H. O. Sargent. These applications are to be submitted by the local adviser and approved by State Supervisor of Vocational Agricultural Education.
3. Every State Organization has paid for and secured State Charters.
4. The Convention went on record last year urging that an NFA Guide be published and made available as soon as possible. Your committee succeeded in getting 5000 copies of the Guide out by late January. Most States and local chapter have purchased a few of these.
5. One of the most helpful achievements of the year was the National NFA Radio Program which was given in cooperation with WINGS OVER JORDAN. The Organization is indebted to Mr. D. C. Jones who spoke so very effectively for us on April 3 and Dr. Glenn T. Settle, Director of WINGS OVER JORDAN. You will be interested to know that we have been invited to furnish the speaker for April 2, 1939, and to make our observance of Booker T. Washington's Birthday an annual feature on this program. I hope the Radio Program Committee will give due consideration to this invitation at this time.

The New Farmers of America had the third highest number of letters sent to the Columbia Broadcasting System, New York City regarding Mr. D. C. Jones' speech. We should have had the largest number. May I urge that each person write the C. B. S. expressing their appreciation for WINGS OVER JORDAN PROGRAM. The letter should indicate that it is from a NFA member. This procedure will help to have WINGS OVER JORDAN continued, and at the same time give the Broadcasting Officials great respect for our organization.

May I present at this time a few charts which will show how the different states have purchased NFA goods.

The Constitution says the Executive Secretary shall review all reports from State Associations and in form the National Board of Trustees regarding the same. The reports as a whole were very good. Last year's reports failed to come in from five states. This year all reported but two. A summary of the reports will be published with the Proceedings of this Convention.

Nine states submitted application for the Superior Farmer degree in comparison to six received last year. There was a noticeable improvement in the applications in many ways. Several of these did not meet qualifications as set up in the Constitution. Improvements will be made if the persons making these reports in the future will read carefully the Constitutionnal Requirements for said degree.

It is not the true spirit of NFA to be contented with past achievements. The Purposes of the Organization as given in the Constitution are so worded that New Achievements must be made every year by local, state and national groups. In the light of my knowledge of the Organization as your Executive Secretary, I should like to make a few recommendations for the consideration of this body:

1. That each individual member strive to get some suggestion while attending this Fourth National Convention which will make him a better NFA member and at the same time aid him in improving the other members back home who he has been sent here to represent.
2. That the National Paid-Up Membership be increased to 25,000 by the time of our Fifth National Convention. Strive to make your chapter and the others which you represent have a 100 per cent of the boys enrolled in vocational agriculture, members of the organization.
3. That we should have at least 50 per cent of the chapters engaged in cooperative buying and selling. In 1937 there were 228 chapters engaged in cooperative activities, a great decrease.
4. That every NFA Officer, local, state and national should own an NFA Guide.
5. That our officers and members take a more active part in giving proper publicity to the NFA Program. There are a number of Negro Weekly papers in each state which would like to have a special NFA Column. According to the reports there were 132 chapters issuing news sheets or news letters. Why not exhibit these at the Annual Convention. Other chapters would be inspired to try same another year.

1. The first part of the report deals with the general situation of the country and the progress of the work during the year. It is divided into two main sections: the first section deals with the general situation of the country and the progress of the work during the year, and the second section deals with the specific results of the work.

2. The second part of the report deals with the specific results of the work. It is divided into three main sections: the first section deals with the results of the work in the field of agriculture, the second section deals with the results of the work in the field of industry, and the third section deals with the results of the work in the field of commerce.

3. The third part of the report deals with the financial results of the work. It is divided into two main sections: the first section deals with the income of the work, and the second section deals with the expenditure of the work.

4. The fourth part of the report deals with the general conclusions of the work. It is divided into two main sections: the first section deals with the general conclusions of the work, and the second section deals with the specific conclusions of the work.

5. The fifth part of the report deals with the general recommendations of the work. It is divided into two main sections: the first section deals with the general recommendations of the work, and the second section deals with the specific recommendations of the work.

6. That more consideration be given to the NFA library. There were 255 chapters having libraries in 1937. This year the number has dropped down to 167. This subject is too essential in the life of every NFA member not to have major space in every chapter program.
7. That greater use be made of the Radio Program. That our theme be built around NFA members who are now farming.
8. That each State Organization begin making plans now for the 1939 meeting which will be at Bordentown, N. J. It is the plan to take in New York and the "orld's Fair. That within itself calls for money.

I should like to take this opportunity to thank all who helped to make the years' work one of success and pleasure. We are greatly indebted to Georgia State School Officials for all they have done to make the Convention a success. Special thanks should be given Mr. F. M. Staley for all he has done in this regard.

Respectfully submitted,

S. B. Simmons,
Executive Secretary NFA Organization.

MONDAY EVENING SESSION, AUGUST 22, 1938
7:30 o'clock

Following a concert number presented by the Laurinburg N.F.A. Band, in front of the academic building, members of the N.F.A. assembled in Meldrim Auditorium for the finals of the Public Speaking Contest, which would determine the national winner.

As the audience assembled, the band, having already taken their places in the auditorium, continued playing the Line Up March. Because of the excellent service rendered during the previous sessions and because of the fact that many of the delegates, visitors and officials were not acquainted with outstanding members of the band, Mr. S. B. Simmons introduced the bandmaster and members of the band as hailing from Laurinburg Institute, Laurinburg, North Carolina, making mention of the fact that said institute was or rather is a product of Tuskegee Institute, Alabama. He further complimented the group for its service and entertainment, and closed his remarks with a request for an encore number, which was rendered, entitled "Overture from Eastern World."

Before making the introductory remarks preceding the presentation of the contestants, Mr. W. S. Davis, of Nashville, Tennessee, Master of Ceremonies, made remarks embracing the organization and purposes of the N.F.A. With a few encouraging statements to the contestants, he then presented the first speaker, Conaster Love, of Kings Mountain, North Carolina, who spoke on the subject, "Whither Agricultural Living in the Scheme of Living?" Speaker number two, Morgan Mann, of Muskogee, Oklahoma, delivered an address entitled "The Outlook of the N.F.A." Then varying slightly from the program, the audience was led in a spiritual, "Steal Away," by Professor H. E. Hall of Georgia. Then followed the other two addresses respectively, "Living at Home in America," delivered by Kelly Howard of Teague, Texas; and "Soil Conservation, the Soil's Greatest Need," by J. C. Crawford of Fort Valley, Georgia. The applause at the completion of each delivery was very evident that the audience was very much impressed with the content and presentation of each young man.

At this point, Mr. Hall again led the audience in a spiritual, "We Are Climbing Jacob's Ladder," during which time the judges retired to tabulate their results and determine the winner. Mr. Davis, Master of Ceremonies, then called upon Mr. Alva Tabor, State Supervisor Agricultural Education in Negro Schools of Georgia, to present the visitors. This presentation included the following: (1) Attorney Scott A. Lewis, Grand Master Masons Lodge of Louisiana; (2) E. A. Grant, Teacher Trainer, Tuskegee Institute, Alabama; (3) Elbert Pettiford, Past President National N.F.A.; (4) W. H. Shell, Assistant Director, Colored Division N.Y.A. of Georgia; (5) W. R. Chivers, Georgia Supervisor Vocational Guidance Program, N.Y.A.; (6) J.H. Butler, Managing Editor, Savannah Tribune; (7) Mr. Ankeney, Teacher Trainer at Hampton Institute; (8) Mr. W. M. Elam, Office of Education, Washington, D.C. (9) President B. F. Hubert, Georgia State College; (10) O. J. Thomas, Texas Adviser; (11) S. B. Simmons, National Executive Secretary; (12) Mr. F. M. Staley, Teacher Trainer of Georgia; (13) B. H. Crutcher, Georgia State College.

At this point, Mr. Simmons, made the suggestion that the wives visiting the conference, be presented. This was done and also the vocational teachers, who were well represented, were asked to stand as a group.

The decisions of the judges were then announced, first place being given to J. C. Crawford of Fort Valley, Georgia, who was the winner for the second consecutive year; second place, to Kelly Howard of Teague, Texas; Morgan Mann and Conaster Lover tied for third place, coming from Muskogee, Oklahoma and Kings Mountain, North Carolina respectively.

Closing remarks were made by Mr. Simmons, who acknowledged with thanks and admiration the excellent work done by Mr. John Wray in decorating Meldrim Auditorium in the colors of the organization.

Moved and seconded that this report be received and adopted. Carried
 - b. Report of Constitution Committee
Moved and seconded that this report be accepted and adopted. Unreadiness:
 1. The section dealing with representation of delegates according to population
 - a. Delegate from Oklahoma feels that larger states should have a larger representation based on paid memberships.
 - b. Louisiana delegate feels that to allow the number of delegates in proportion to population would give the larger states a majority rule.
 - c. South Carolina feels the same.
 - d. Georgia feels that to give a smaller state the same number of delegates as a larger state would not be equal and fair representation.
 - e. Delaware: This program is set up in order to teach Negroes how to live. If we adopt this plan there will not be much unity. The larger states would rule the smaller.
 2. Moved and seconded that Section 3 of the constitution committee report dealing with representation according to population be struck out. Vote: 16-14. Delegates in proportion to representation.

Mr. Fenn of Hampton Institute presented to each delegate, public speaker and Supervisor a certificate as a token of his appreciation of the organization and the work done. With announcements, the meeting closed, and the audience retired to Wilcox Gymnasium and enjoyed the entertainment prepared for them.

A MESSAGE TO THE NEW FARMERS OF AMERICA

BY

J. C. Wright, Assistant Commissioner for Vocational Education-----

It is with regret that I find it impossible to attend the Fourth National NFA Convention at Savannah, Ga., August 21 to 24. My duties make it necessary for me to be in the New England States at that time. It would have been a pleasure for me to attend this Convention as I have been keenly interested in the way that the organization of New Farmers of America has set about the task of developing intelligent and efficient farm leaders for the Negro race.

The problems of civilization have become so complex that the future welfare of any people depends upon leaders who can guide others in the right direction. The NFA is an outstanding organization for developing a leadership that will accomplish this purpose.

I have observed with a great deal of satisfaction the rapid growth and progress that the NFA has made since it was organized four years ago. I have been informed that the New Farmers of America has about 20,000 farm youth enrolled in its membership. To me that is a very significant accomplishment. It is indeed encouraging to know that 20,000 young men, distributed throughout the entire region, are getting training not only in how to secure facts in solving their farm problems, but in how to influence people and to intelligently direct the united efforts of the entire group.

I was glad to learn that the NFA organization is stimulating interest in home ownership. If Negro farmers could own their homes, the security and stability of the Negro race would be immeasurably increased. It is my frank opinion that the New Farmers of America can be a potent factor in America in bringing about an increase in the homes owned by the Negro farmers of this Nation.

I want to congratulate the National Officers and all others who have contributed to the success of the splendid NFA programs carried on in each of the States. The NFA is providing a most excellent training in good citizenship.

I wish for you one of the best National NFA Conventions that you have ever had and I hope that I shall have the pleasure of attending your next year's convention at Bordentown, N. J.

REPORT OF THE RESOLUTIONS COMMITTEE AS SUBMITTED AT THE
FOURTH NATIONAL N. F. A. CONVENTION, SAVANNAH, GA.

We, the Committee on Resolutions, beg to submit the following report:

Be it resolved:

1. That we extend to Mr. W. N. Elam, the Federal Agent for Special Groups; Mr. Emory Taylor, President of the Georgia F. F. A., Mr. J. Lester Poucher, National President of the F. F. A., and other National and State Officials our appreciation for the uplifting and useful information given us during this meeting.
2. That the members of each Chapter will take back to their Chapter the objectives that were read by the President in his report.
3. That we, the N. F. A., extend our greatest appreciation to the National Officers for their splendid reports made on the work accomplished during last year.
4. That we, the N. F. A. members, express our thanks to the President and the Agricultural Staff of Georgia State College for the untiring efforts made in making this meeting possible for us here.
5. That we, the N. F. A. members, extend our gratitude to Mr. John D. Wray, Jr., for the decoration of this auditorium for this Convention.
6. That the Convention extend recognition to Mr. Hall and N. F. A. Band of Laurinburg for the music rendered by both Mr. Hall and the Band.
7. That the States will bring more exhibits from their departments to the National meeting each year.
8. That the Convention express its gratitude to the Chilean Nitrate Educational Bureau and the South Carolina N. F. A. members for making possible the boat trip to Beaufort and the Penn School.
9. That the N. F. A. accept the invitation of the President of the F. F. A., asking that our National President attend their meeting held in Kansas City, and that we send him to this meeting.
10. That a copy of these resolutions be sent to the President of Georgia State College and the Office of Education, United States Department of the Interior.

Respectfully submitted:

REPORT OF THE PUBLICITY COMMITTEE AS SUBMITTED AT THE
FOURTH NATIONAL N. F. A. CONVENTION, SAVANNAH, GA.

We, your committee on Publicity, wish to submit the following report:

1. For local chapters we recommend the following:

A. Local Chapters:

1. Keep local papers supplied with news reports of useful N. F. A. activities.
2. Make picture display of all important local N.F.A. activities.
3. Urge all members to wear pins to which the N.F.A. rank entitles them.

B. State Associations:

1. State reports be supplied with all local news articles of N. F. A. activities.
2. Materials from these news articles are to be used for making out periodic state news releases.

C. National Associations:

1. The National Reporter should collect all state news releases and use them for making out news articles for National publications.
2. We recommend that the National Program of work include, as one of its items, the release of one article each month to the National Publications.

REPORT OF THE N. F. A. GUIDE COMMITTEE AS SUBMITTED AT THE
FOURTH NATIONAL N. F. A. CONVENTION, SAVANNAH, GA.

TO THE OFFICERS AND MEMBERS OF THE NATIONAL ORGANIZATION OF
NEW FARMERS OF AMERICA:

We, your committee on N. F. A. Guide, beg to submit the following
report for your consideration:

1. Since the ratio of N. F. A. Guides purchased is one to every nine
members of the Organization, we recommend:
 - a. That every local chapter officer purchase an N. F. A. Guide by
November 1, 1938.
 - b. That each local chapter have not less than 25% of its member-
ship purchase an N. F. A. Guide by January 1, 1939.
2. We recommend further:
 - a. That no revision of the N. F. A. Guide be made until the State
Associations have purchased not less than 90% of the N. F. A.
Guides on hand.
3. We recommend that each State Association and each local chapter
include in its year's program sufficient time to be devoted to the
study of the N. F. A. Guide.

The following suggestions are offered:

- a. That each chapter set aside a portion of the monthly chapter
meetings to study the N. F. A. Guide.
- b. That each local adviser use a part of his class-teaching
period for teaching N. F. A. Guide to his all day pupils.
- c. That each candidate for office be given a test on N. F. A. Guide.
- d. That each candidate for a higher N. F. A. Degree be given a
test on N. F. A. Guide.

Respectfully submitted:

Harvey Cullis Holloway, Chairman (Va.)

Jeremiah Walker (Alabama)

J. R. Thomas, Adviser (Virginia)

REPORT OF THE AUDITING COMMITTEE AS SUBMITTED AT THE
FOURTH NATIONAL N. F. A. CONVENTION, SAVANNAH, GA.

We, your committee on Auditing, beg to submit the following report:

1. We have found the records in excellent shape.
2. The records of the Executive Secretary show a balance of \$641.24. This is substantiated by the bank statements. Checks on hand amount to \$65.51, making a total of \$706.75, balance on hand.
3. We have also checked very carefully the deposits, checks and receipts and find them to tally with the records.
4. We wish to commend the Secretary on his splendid work of keeping records.

REPORT OF COLLEGIATE CHAPTER COMMITTEE AS SUBMITTED AT
THE FOURTH NATIONAL N. F. A. CONVENTION, SAVANNAH, GA.

We your committee on Collegiate Chapter beg to submit the following suggestions:

1. That a Collegiate N. F. A. Chapter be set-up ⁱⁿ each college teaching agriculture during the coming year.
2. That the purpose of this Collegiate N. F. A. Chapter be to ~~give~~ further experience to prospective N. F. A. advisers as well as serve to keep former N. F. A. members informed of the work of the organization.
3. That the active membership be made up of those collegiate students of junior and senior rank who are taking college agriculture and plan to major in Agricultural Education. Other former N. F. A. members who are in college may enter the chapter upon applying for membership and receiving a majority vote.
4. That only those students who are majoring in Agricultural Education be eligible to hold office.
5. That this collegiate chapter aid the teacher-trainers and supervisors in conducting N. F. A. conferences, leadership, schools, contests etc.
6. That one representative from each collegiate chapter be sent to the next National N. F. A. meeting to further perfect plans for the organization. Those delegates will observe the N. F. A. meeting and hold such separate meetings as may be necessary.
7. That each collegiate chapter within a state should be guided by the constitution of that state.
8. That each collegiate chapter provide plans for a closer relationship between the National N. F. A. Judging Contest and the Collegiate Judging contest.

REPORT OF CONTEST COMMITTEE AS SUBMITTED AT THE
FOURTH NATIONAL N. F. A. CONVENTION, SAVANNAH, GA.

We recommend the continuance of the present contests with the following revisions:

SCORE CARDS:

That a complete set of score cards for all classes including quartett singing and public speaking be sent to the states and that the states will send copies to each chapter in the state. The National Adviser shall prepare standard score cards on speaking and singing.

QUARTETT SINGING AND PUBLIC SPEAKING:

That elimination contests be held in quartett singing as in public speaking and that both quartett singing and public speaking be held the same night and that the singing and speaking be alternated.

JUDGES:

That there shall be a three judge system used in all contests with one judge designated as chief judge. That the chief judge shall be selected by the National Board of Trustees at each annual meeting with the advice of the host adviser for the following year. That the chief judge shall select two other judges with the advice of the National Adviser and the Host adviser. That the judges of judging contest shall carefully tabulate scores and that the first public announcement of winners shall be final.

That in public speaking and quartett singing a preliminary contest shall be held and the three ranking numbers from each region shall be selected and that the fourth member shall be selected by holding an elimination contest among the three second place winners of the regions to determine the fourth best.

That a point system shall be used to rate the chapters on chapter activities.

That a large cup be presented each year to the chapter scoring the highest number of points. That the following number of points be awarded:

A. Superior Farmers-----	50	pts								Points ech.

REPORT OF THE NATIONAL BOARD OF TRUSTEES

The Board of Trustees of the National Organization of New Farmers of America wish to submit the following report:

1. After much discussion it was moved that the committee in charge of the Fourth National Judging Contest records for 1938 review all records of the 1937 Judging Contest to determine if a mistake had been made and that their findings be reported to the National Board for further action.
2. The National fees for 1938 will be:
 - a. Minimum fee for any state is \$5.00
 - b. All states with more than 100 members will be expected to pay .05 National fee per member.

We urge all states to pay their fees as early as possible. Fees are due in the National Executive Secretary's Office not later than April 1, 1939. Motion was made by W. J. Smith of Texas and seconded by C. Cunningham of Alabama. Motion carried.
3. P. D. Vann of Virginia moved that Mississippi New Farmers of America Association be accepted into the National Organization in good standing upon meeting requirements for 1938 in as much as that association has never been a regular chartered member of the National body. Lester Albert of Florida seconded the motion, which was passed.
4. The Organization had several invitations from State Institutions for the 1940 National Convention. After careful consideration the Board voted to accept the one coming from the Arkansas State College at Pine Bluff, Ark.
5. The Secretary read a letter from the Staunton Novelty Company of Staunton, Virginia which asked that the organization renew the contract making that Company the official concern from which we would purchase N. F. A. felt goods for the next two years. The Board recommends that the contract be renewed for one year, thus giving the committee time to give further study to the subject.
6. The records of all the applications for the Superior Farmer Degree were studied by the Board. On the basis of our findings we recommend the following candidates to the National Convention for said degree: John Chisman and Franklin Banks, Virginia; George Robinson, New Jersey; R. S. Thomas, North Carolina; Dan Dunning, Alabama and Virgil Johnson, Tennessee. Napoleon Gallin, Jr., Louisiana and William Stokes of South Carolina were recommended for Honorary Farmer Degrees.
7. The following Budget is submitted for 1938-39:

A. Printing	\$ 35.00
B. National Prizes	75.00
C. Superior Farmer Degree Keys	190.00
D. National Radio Program	75.00
E. Transportation	75.00
F. Stenographic Services	180.00
G. Supplies and Postage	50.00
H. Annual Conference Expenses	300.00
I. Miscellaneous	220.00

TOTAL \$1200.00

Respectfully submitted,

NATIONAL BOARD OF TRUSTEES

Jethro Hill, Secretary
Ermon Porter, President

The first of these is the fact that the
 Government has been unable to secure
 the necessary funds to carry out its
 policy of non-interference in the
 internal affairs of the country.
